

# before interview

- 01 Print your resume/portfolio 1 copy for each

---
- 02 Explore information about the company on the Internet and social networks

---
- 03 Choose a fairly neutral suit, without bright slogans and extreme cutouts

---
- 04 View the address in advance and sort out the maps on how to get to the office exactly

---
- 05 Remove or hide unwanted publications on your social networks

---
- 06 Prepare the story structure about yourself — experience, the brightest projects you've had, and what you can give to the company

---
- 07 Rehearse in advance the answers to questions that you will definitely be asked

---
- 08 Smile during the meeting and be friendly

---
- 09 Take water with you in case you can start to get nervous or ask the interviewer about it in advance

---
- 10 Arrive 10 minutes ahead of the time

---
- 11 Refine feedback time after the interview and a convenient way of communication

---
- 12 Do not be shy to ask all the questions you are interested in at the first interview (from the availability of medical insurance to the opportunity to work from home once in a week, if you have such wishes)

---
- 13 Thank the interviewer for his/her time and wish a good day
